FOREWORD

To You, the Class of '35, we present this "M" Book.

It is but one evidence of our desire to assist you in every possible way to feel at home at Maryland. We hope that you may find here an accurate compendium of information concerning the organization and personnel of our university life.

It has of course been impossible, because of the limitations of space, to include much valuable information. Where it was deemed advisable, we have tried to indicate where such information may be secured. You will find the M. C. A. office and members eager to help you in every possible way.

In the compilation of the 1931-32 "M" Book the editors have had in mind not only the Class of '35, for whom the book is primarily intended, but also all other members of our university community who may have need of such a volume. It is our hope not only that we have been able to make available here much information needed by all, but that also, in a small way, we may have been able to incorporate something of the spirit and ideals of true Maryland men and women.

One feature of the present volume perhaps deserves particular mention. The map of the university in the center of the book is an innovation which we trust may prove especially helpful to the new members of our Maryland family.

We desire to take this opportunity of thanking the many members of the faculty and student body, as well as firms and organizations, who, by their generous cooperation and invaluable assistance have made the publication of the 1931-32 "M" Book possible.

If it may be of some use to you who read it, our purpose will have been achieved.

DEDICATION

To Dr. Harry J. Patterson, whose character is transcendent, whose comradeship and enthusiasm has been an inspiration, whose mature life has been devoted to the advancement of the University of Maryland, this, the 1931-32 Handbook, is dedicated.

DOCTOR HARRY J. PATTERSON

Dean of Agriculture

GREETINGS FROM THE PRESIDENT

To the Students of the

University of Maryland,

On behalf of all the officers and teachers in the University, I extend greetings and best wishes and an offer to assist you in every way possible. A new chapter in one's life is opened when he or she first enters a university. Page after page will be written as the days pass. We all want the records on those pages to be so good that it will be a pleasure to review them in later years.

Remember that countless others with no more ability than yours and often with even less,—have made good records in college. They overcame homesickness and discouragements. They selected their friends carefully. They did not postpone their studies. They sought help when it was needed. They liked their work because they felt that it was helping them to realize a great ambition. In doing their work well they knew they were reflecting credit upon their parents and upon their preparatory schools.

A reasonable amount of time should be given to wholesome recreation and social activities,—but not too much. And the early spiritual training should be continued.

The Christian Association Secretary and officers, the pastors of the local churches, and all of us who are in positions of responsibility want to help you. Do not hesitate to come and see us.

Truly,

R. A. PEARSON,

President.

DR. RAYMOND PEARSON

President of the University of Maryland

GREETINGS FROM DEAN OF WOMEN

To all new students entering our doors for the first time and to those of you who are returning, greetings and a hearty and sincere welcome. We are glad to welcome you to our campus and to our University. We hope the years spent here will be rich and fruitful.

In order to get the most out of your college career you must live a well rounded life. Take some part in the campus activities; however, I would counsel you to choose wisely and select one or two instead of trying to spread yourself thin over the whole surface and take part in all.

May your college years at Maryland be filled with such joy and contentment that you will look forward with eager anticipation to your return both as a student and as an alumnus.

Sincerely yours,

ADELE H. STAMP.

ADELE H. STAMP

Dean of Women

GREETINGS FROM THE GENERAL SECRETARY

It is a real pleasure to welcome every one of you—members of the Class of '35. Maryland holds much for you. What she may be able to contribute to your life depends largely upon what you most desire and set out to attain. High and noble friendships await you. Keen intellectual adventure is yours for the taking. Spiritual values may become more real, and life take on such meaning and zest as you had scarcely dreamed was possible, during your four years of college.

Yours is a great task. Civilization is not complete or fixed, but ever growing—changing. Grave and pressing problems are calling for solution. Millions whose lives have been dwarfed and thwarted by conditions beyond their control look to you for help in creating a social order in which more abundant life shall be possible for all. The task demands our best. I hope that many of you may come to know the joy of lives dedicated to a great cause.

It is my privilege to welcome you not only to the University, but particularly to its religious life. I hope you will quickly understand that all of the activities of the Maryland Christian Association and of the various denominational clubs are yours. You are invited to the fullest participation in each one of them. We want you to help us make them what you would like to have them be.

I shall count it a privilege to come to know personally as many of the class of '35 as possible, and want you to feel free to call upon me for anything.

Your friend,
VIRGIL LOWDER.

VIRGIL E. LOWDER
General Secretary

MARYLAND CHRISTIAN ASSOCIATION

The Maryland Christian Association is a fellowship of men and women on the campus, both student and faculty, who unite in the search for life at its best. For many in this fellowship the way is pointed most clearly by the life and principles of Jesus. All members of the student body and faculty who are in sympathy with its ideals and purpose are invited to join in the activities of this fellowship. There are no dues.

The plans and program are determined and promoted by two cabinets of student members—one composed of men, the other of women students,— with the advice and aid of the M. C. A. Student Council, which is a larger body, including representatives of each fraternity and sorority, dormitories, day students, and other living groups on the campus. The cabinets meet separately once each week, and jointly once each month. The Council meets monthly. In all of their work the Cabinets and Council have the advice and help of the General Secretary.

The General Secretary

Mr. Virgil E. Lowder, the General Secretary, is a graduate of Lynchburg College, Virginia. In addition to the work for his A. B. degree, Mr. Lowder has had two years of graduate work at Yale, and has taken several courses in education at Columbia University. Besides considerable experience in religious work, Mr. Lowder has been interested in athletics. For two years he coached basketball, baseball, and tennis at one of the oldest preparatory schools in New England—the Hopkins Preparatory School in New Haven, Connecticut, where his teams achieved such success that he was made Director of Athletics.

Mr. Lowder was called to Maryland last September to assume the leadership of the religious work on the campus, and since that time rapid strides have been made toward the development of an active student religious fellowship.

Advisory Board

The work of the M. C. A. is given an added permanence and stability by the aid of an Advisory Board of twenty-one members, composed of prominent faculty members, alumnae, and friends of the work. This board advises on all the activities of the Association. The constituency of the Board for the year 1931-32 is as follows:

Dr. William B. Kemp, Chairman
Dean Harry J. Patterson, Treasurer
Prof. Earl S. Bellman, Secretary
Dr. Albert F. Woods
Rabbi Edward L. Israel
Mr. Coleman Jennings
Dean Marie Mount
Dean Adele Stamp
Dr. Harold F. Cotterman
Dr. A. E. Zuker
Mr. Geo. F. Pollock
Prof. Geary Eppley
Dr. Charles E. White
Dr. Ronalds Taylor
Rev. B. A. Matzen

and six students to be elected after the opening of the school year.

Freshman Work

One of the most significant phazes of the Christian Association work is its service to Freshmen. This year, in connection with the Retreat of the two Cabinets, a selected group of Freshmen were invited to meet at Kamp Kahlert, on West River, for two days prior to the opening of school. A number of lead-

ing students and faculty members acted as leaders and speakers at the camp. Here the Freshmen have a wonderful opportunity for forming friendships and for facing some of the problems and opportunities of college life.

The members of the association assist the Freshmen in many ways during the difficult first days of school, and at all times during the year.

Social Activities

During the year the M. C. A. conducts a number of social events as need arises. The first of these comes on the opening night of school, and is designed to aid the Freshmen to become acquainted with each other, and with some of the leaders in university life. The next big social event is the Maryland Mixer, which comes the second Friday of the school year. Here everyone has the time of his life, and gets acquainted with members of all the other classes and the faculty. Anyone who has ever attended a Maryland Mixer doesn't want to miss another one.

Sunday Evening Meetings

The M. C. A. conducts a Sunday Evening meeting and forum in the Home Ec Social Room each Sunday evening. Here prominent speakers are heard and many of those present join in the discussion. There is also good music, and a variety of interesting features. The programs are in charge of a student committee, who present a variety of interesting programs.

Speakers and Discussions

One of the most important services rendered by the M. C. A. is that of bringing notable speakers to the campus to give addresses and lead discussions on vital topics. Series of discussions are held from time to time on topics of interest to students.

The Y. W. C. A., the woman's division of the M. C. A., was organized in 1924 and has become an active and enterprising group. Its aims are to create a spirit of fellowship and co-operation among the women students, to aid in formulating worthwhile ideals, and to help form strong Christian characters.

Working in co-operation with the men's division of the M. C. A. and with the invaluable assistance of Mr. Virgil Lowder, the year 1930-1931 has been an exceptionally fine one. Some of the activities were: the Big Sister movement, the Maryland Mixer, the Good Will Seminar, and the sponsoring of excellent speakers. A Sunday evening vesper hour was also inaugurated.

The Y. W. C. A. wishes to extend its greetings to the new students and invites them to join us in a wide awake, active organization.

THE ROMANCE OF THE UNIVERSITY OF MARYLAND

1807—1856—1920, dates on the seal of the University of Maryland, are imbued with a story of progress that reads almost like a romance.

In 1807 the College of Medicine, fifth oldest in the country, and the projenitor of the University of Maryland, was chartered, and its beginning marked a great step not only in the history of the State but one well in keeping with the vast progress of the nation in education. This charter of the College of Medicine of Baltimore was changed in 1812 to become the University of Maryland.

1856 marked the chartering of the Maryland Agricultural College at College Park, second Agricultural College of the Western Hemisphere. This small college, though still in its early stages of existence, was one of the few to keep open in those precarious days of the Civil War, when the State of Maryland was torn by conflicting armies.

In 1920, by Act of Legislature of the State of Maryland the present University of Maryland was formed by the merging of the Maryland State College at College Park and the University of Maryland at Baltimore, forming the strong institution now known.

Many changes took place between the dates mentioned, one being the empowerment conferred by the State to the School of Medicine to "Annex other departments" and become the University of Maryland. The Dental College, then the first in the world, was added.

1862, by Act of Congress, the Agricultural College was partially taken over by the State and named beneficiary of the Land Grant Act. It was entirely taken over by the State in 1914, and in 1916 granted a charter as the Maryland State College.

THE COLLEGE PARK BRANCH

The College Park Branch of the University is made up of the five colleges: Agriculture, Arts and Sciences, Education, Engineering and Home Economics, and also the Graduate School and Summer School.

Maryland's Agricultural College is the second oldest in the Western Hemisphere and there are to be found there some of the original experimental plots started in 1888 still being farmed.

The last ten years have seen an almost amazing advancement in this branch of the University. With a campus seriously handicapped by the burning of its most important buildings and with only a few inadequate structures to care for the students, a decade ago, a new university has grown in place of the old.

With the advent of co-education in 1920, new arrangements were made to care for the girls until today there are, beside Gerneaux Hall, the "Y" Hut, a new Dormitory, Field House and refurbished Home Economics Building and a Practice House for Home Economics. For the men: Sylvester Hall, Ritchie Gymnasium. Other buildings added in the past ten years include the Stadium, Field House, Dairy Building, Addition to the Engineering Building, Horticultural Building, Library, Chemistry Building, Dining Hall and Central Heating Plant.

Steadily increasing with the growth of the facilities the student body has well doubled itself. With a total of 300 students in 1915 the count has grown to well beyond the 1500 mark for last year.

THE BALTIMORE BRANCH

The group of buildings located at the corner of Lombard and Greene Streets provides the available housing for the Baltimore division of the University. There are no grounds other than the sites of these buildings. The group comprises the original Medical School building erected in 1814, the University Hospital, the Law School building, and the School of Pharmacy which is located at 6 and 8 South Greene Street, in close proximity to the other three buildings. The enrollment in the Baltimore division is close to sixteen hundred, which is about three hundred more than the undergraduate enrollment at College Park. The total number of students in the University of Maryland, including the Summer school and the Graduate school is thirty-seven hundred.

The School of Medicine of the University of Maryland is one of the oldest foundations for medical education in America, ranking fifth in point of age among the medical colleges of the United States. In the school building at Lombard and Greene streets in Baltimore was founded one of the first medical libraries and the first medical college library in America.

Here for the first time in America, dissecting was made a compulsory part of the curriculum; here instruction in Dentistry was first given (1837), and here was first installed independent chairs for the teaching of diseases of women and children (1867), and of eye and ear diseases (1873).

The Baltimore College of Dental Surgery was chartered by the Maryland Legislature February 1, 1840. It was the first institution ever organized to offer instruction in the art and science of dentistry. It has continued with an unbroken record and remains the oldest dental school in the world.

FINANCIAL OFFICE

The Financial Office is located in the Library Building, Main Floor.

The office hours of the Cashier, are weekdays—9.00 A. M.-3.30 P. M. Saturday—9.00 A. M.-11.45 P. M.

Registration

1. Students should report to the Dean of the College in which they are registered, where they will receive a course card. New students must present a matriculation card. If this card has not been received by mail, arrangements for its issuance must be made in the Office of the Registrar, prior to reporting to the Dean.

2. The course card, properly made out and approved by the Dean, will be taken to the Cashier's Office, where fees are paid and where Cashier certifies on course card that payment has been made.

3. The course card and directory card are then taken to the sectioning committee, Room L-107, Morrill Hall, where section assignments are made.

4. Freshmen will be assigned to certain groups for the period of the special Freshmen Exercises, and should report to that group *immediately.*

5. On Wednesday, September 16, the student may obtain Class cards in Room EE-129—Library Building.

6. The student places his name, his college, and the date on the class cards and presents at the first meeting of each class the appropriate class card. Students are not admitted to classes without class cards. Instructors will see that this rule is enforced.

7. Within seven days after the opening of the semester, each student must file in the Office of the Registrar, a schedule of his classes. A fee of one dollar is imposed for failure to do this.

8. Students, who for adequate reasons, are more than ten days late in registering must secure permission for entrance into courses

from the instructors in charge of the course. Such permission if given must be indicated on the course card. A fee of from $3.00 to $9.00 is imposed for late registration.

9. Any change in course is made only on written permission from the Dean involved and is subject to a fee of one dollar after the first week of the semester. After securing such permission from the Dean, the student must present the same to the Registrar at once, who, in turn, issues the student a class card for the course he is entering and withdrawal card is sent to the instructor in charge of the course from which the student is withdrawing. Unless this is done, no credit will be given for the new course, and a failure will be recorded for the course dropped. In general, withdrawal from courses other than elctive, will not be granted after the first six weeks of the course.

10. A student, who desires to transfer from one college to another must petition the Dean of the college from which he wishes to withdraw on the regular form obtained from the Registrar. The transfer is effected when the blank properly approved is filed in the Office of the Registrar.

Examinations and Marks

11. Examinations at the end of each semester complete the studies pursued to that point.

12. The following grade symbols are used:

A, *B*. *C*, and *D*—Passing.

E—Condition.

F—Failure.

I—Incomplete.

13. Grade. *A* denotes superior scholarship; grade *B*, good scholarship; grade *C*, fair scholarship; and grade *D*, poor but passing scholarship.

14. A student who receives the grade of *D* in more than one-fourth of the credits required for graduation must take additional courses or repeat courses until he has the required number of credits for a degree, three-fourths of which carry a grade above *D*.

15. A student with a mark of *E* is conditioned. The grade *E* indicates that though a student has not failed in a course, has not presented sufficient evidence to pass; in the opinion of the instructor his record in the course has been sufficiently good to justify the presumption that he may secure a passing grade by re-examination or by additional work without repeating the course. The grade *E* cannot be raised to a higher grade than *D*.

16. A student with a mark of *F* has failed in the course. In case of failure in a required course a student must repeat the course. He is required to enroll in that subject again the first time it is offered, if possible.

17. In case a condition or failure is incurred in an elective subject the student may be permitted to substitute only upon recommendation of the head of the Department in which the student is majoring and approval of the student's Dean.

18. The mark of *I* (incomplete) is given only to those students who have a proper excuse for not completing all the requirements of a course. The mark of *I* is not used to signify work of inferior quality. In case where this grade is given, the students must complete the work assigned by the instructor by the end of the first semester in which that subject is again offered, or the mark becomes *F*.

19. Work of grade "D," or of any passing grade, cannot be raised to a higher grade except by repeating the course. A student who repeats a course for which he has received credit for work done at the University or elsewhere, must meet all the requirements of the

course, including regular attendance, laboratory work and examinations. His final grade will be substituted for the grade already recorded, but he will not receive any additional credit for the course.

20. A student must arrange with his instructors at the beginning of a semester for the removal of a condition received in the previous semester. A fee of $1.00 will be charged for each regular condition examination. No instructor will give a condition examination until a student presents a receipt showing the fee has been paid. Following each condition examination the instructor will report the results to the Registrar.

21. A condition not removed within the succeeding semester becomes a failure.

22. A student transferring to another college will consult with his new Dean regarding the adjustment of his record. A record of this adjustment must be filed in the Registrar's Office.

Absences

23. A student is expected to attend punctually each class and laboratory exercise in each course.

24. In case of extended illness which prevents the attendance of a student at his classes he should promptly notify his Dean.

25. In case of absence 24 hours before or after a holiday, a student will be penalized by the payment of a special fee of three dollars for each course cut. Instructors will report such absences immediately to the office of the Registrar.

Students desiring to be excused from classes before and after holidays must make application within one week before such holiday. In exceptional cases, such as sickness or death in the family, application for an excuse must be made within one week after the student re-

turns. No excuse for an absence before or after a holiday will be granted after the periods specified.

Probations and Delinquencies

26. If a student receives a mark of failure (*F*) in fifty per cent or more of the semester hours for which he is registered he is automatically dropped from the rolls of the University.

27. A student who does not make a passing mark in at least eight hours of work in which he is enrolled for a given semester, may not continue for the next semester without the permission of his Dean. Where such permission is given the student is on probation, and remains on probation until his deficiencies are removed. A notice of his probationary status will be mailed to the student's parent or guardian.

28. A student while on probation shall not represent the University in any extra-curricular activity such as: participation in athletic contests, the Glee Club, dramatics, debating teams, etc.

29. While on probation a student is required to report weekly to his Dean or faculty advisor with regard to his probationary status.

30. The Dean shall recommend to the President the withdrawal of any student who, in the opinion of his college faculty, is deemed undesirable, or who continues to do unsatisfactory work.

31. Any student who has been dropped from the University or has withdrawn in order to avoid being dropped, and who is subsequently readmitted, is not eligible to represent the University on any team, club, or association, until he has been in the University for a period of one semester from the date of his return and has satisfied the regular conditions of eligibility.

Withdrawal from the University

32. A student who desires to withdraw from the University must obtain the permission of his Dean on the regular form obtained from the Registrar and must have filled out a clearance slip. After these forms have been filled out they must be filed in the Office of the Registrar. A student who withdraws without following this procedure forfeits all claims for reimbursements, and is not entitled to a statement of honorable dismissal.

PARKING REGULATIONS

The Automobile Parking Regulations are for the purpose of protecting the appearance of our campus as well as for personal safety and convenience. These regulations, that have been in operation for the past year, have been found very beneficial to our campus. The following are the regulations proposed by the Campus Parking Committee and approved by the Administration:

Automobiles should not be parked or stopped on any of the campus roads, except to take on or discharge passengers. Spaces to be used by the students for the parking of automobiles are designated as follows:

Women Students—Area north of the County Road and adjacent to the road leading to Gerneaux Hall, except spaces No. 200-205 and 222-224, inclusive. For those living in Gerneaux Hall use parking space on north side of road at the rear of the building.

Men Students—Area in the rear of Sylvester and Calvert Hall, except spaces No. 300-312, inclusive.

Temporary Parking for both Men and Women—On north side of the County Road in rear of the Engineering, Agricultural and Chemistry Buildings, except that portion marked "Reserved", in the rear of the Engineering Building.

An officer of the Maryland State Police has been detailed to assist in maintaining these regulations, which are essential for property and personal safety as well as convenience. Any student who fails to observe these regulations may be deprived of the use of his car and driving privileges on the campus and continued violations may mean suspension from the University.

The responsibility for parked cars rests with the car owner.

REGULATION OF STUDENT ACTIVITIES

Association of students in organized bodies, for the purpose of carrying on voluntary student activities in orderly and productive ways, is under the supervision of the Committee on Student activities, except those which are controlled by a special board or faculty committee, are under the supervision of the Committee on Student Affairs, subject to the approval of the President. Such groups are formed only with the consent of the Committee on Student Affairs and the approval of the President. Without such consent and approval no student organization which in any way represents the University before the public, or which purports to be a University organization or organization of University students, may use the name of the University in connection with its own name, or in connection with its members as students.

Eligibility to Represent the University

Only students in good standing are eligible to represent the University in extra-curricular contests. No student while on probation may represent the University in such events as athletic contests, glee club concerts, dramatic performances, and debates.

Discipline

In the government of the University, the President and faculty rely chiefly upon the sense of responsibility of the students. The student who pursues his studies diligently, attends classes regularly, lives honorably and maintains good behavior, meets this responsibility. In the interest of the general welfare of the University, those who fail to maintain these standards are eliminated. Students are under the direct supervision of the University only when on the campus, but they are responsible to the University for their conduct wherever they may be.

HANDLING OF FINANCES OF STUDENT ORGANIZATIONS

A committee on associated student organizations and activities, appointed by the Council of Administration, comprised of members of the faculty and staff, acts as advisers to the various organizations and as auditors of accounts.

Any organization or activity handling $200.00 or more during the year comes under the supervision of the committee, and is subject to all rules and regulations laid down by it.

Each organization has its own business manager, secretary and treasurer, who are required to submit reports of all transactions to the chairman of the committee as he may call for them.

No expenditures exceeding $10.00 shall be made without the approval of the chairman of the committee, requests for such expenditures to be submitted to him with a statement as to funds on hand, or in sight, to cover the expenditure.

A simple and uniform system of bookkeeping is employed by each organization. These books are open for inspection by the committee on student organizations and activities at any time, and submitted to it at the close of each semester for audit. (A representative from the University business office assists in this audit.)

Written contracts are made by all organizations for transactions involving $25.00 or more, and copies of these contracts are submitted to the chairman of the committee for approval before they are signed.

Officers of all organizations furnish bonds for the faithful performance of their duties. Such bonds must be approved by the committee, and kept on file in the University business office.

At the close of each year, financial statements, after being audited by the committee, showing all receipts and expenditures for the year are published in the DIAMONDBACK.

FRESHMEN

FRESHMAN PROCEDURE

Freshman registration will take place Tuesday, September 15, beginning at 9 A. M. All freshmen are expected to register on this day. Thursday, September 17, is reserved for registrating the students of the three upper classes, and freshmen will not be registered on this day.

Dormitories will be ready for occupancy by freshmen Monday, September 14, and the dining hall will be ready to serve dinner to freshmen Monday evening at 5.30.

Your baggage will be cared for by the General Delivery Service department, basement of Agriculture Building. You must record on the baggage check where the baggage is to be delivered. There is a charge of fifty cents (50c) on each piece of baggage delivered. It is impossible to deliver all baggage the first day, therefore, you should arrange to bring part of your bedclothes with you.

* There will be an Information Desk in the main hall of the Agriculture Building during Registration. The attendant will be glad to assist you as much as possible.

A special program is planned covering the time between registration day, September 15, and the beginning of the instruction period, Friday, September 18, the object of which is to complete the organization of freshmen so that they may begin their regular work promptly and effectively on September 18. This program includes classification of all freshmen students, medical examinations, psychological examinations, instruction in regard to the departmental and campus facilities and advisory conferences, conducted by the faculties of the several colleges for the students registered in those departments.

* For detailed matriculation procedure, see Registration under University Regulations, page 30.

TIPS TO FRESHMEN

Everyone at this University wishes to be your friend and they want to give you all possible assistance, but remember that you are a Freshman. It is apparent at all times, and when you attempt to hide it and appear sophisticated the result is as prominent as a sore thumb.

Do not imagine that you are lowering yourself by observing the Freshman Regulations. They are to impress upon you the idea that you are no longer a high school senior. You are beginning again, and as such, you must start "on the ground floor." By disregarding the rules, you are not being unique, or admired for your spirit of independence. You are merely laying the foundation for trouble with the sophomores. It is considered a mark of good class spirit, not servility, to act in accordance with freshman tradition.

Get the speaking habit. A habitual cheery greeting to everyone on the campus will do more toward establishing your popularity than any other single act on your part.

If you were a leader in high school, don't advertise it here. In all probability it is known already. Conversely, if you took little part in student affairs in your prep school don't be discouraged. Everyone is given plenty of opportunity at Maryland. There is at least one activity here that is suited to your tastes and ability; find it and stick to it. Also, remember that everyone cannot be a star athlete. Do not skip around from one activity to another needlessly, but on the other hand, do not waste time on one for which you find yourself unqualified.

If you are living away from home don't forget that the folks like to receive a letter, now and then. Establish a certain day for doing this, and then let nothing interfere.

Remember that you are your own master now. You have reached the age when you can differentiate between right and wrong. Your conduct on and away from the campus reflects upon the institution. In a large measure you have the good reputation of the University of Maryland in your hands. It remains for you to prove that this trust is not misplaced.

"By your works you shall be known." Nowhere is this more true than on the university campus. Here at Maryland you cannot bask in the reflected glory of a prominent brother, father or other relative. Opportunities are yours; make the most of them.

Remember that when you enter Maryland you are considered a man. You can do as you please about your work; nobody will make you do it. Be honest with yourself and always keep clearly in mind the fact that you are here for a life purpose.

Don't get "wild" and waste your money; remember that there is a mother or a father at home who believes in you; be a man.

Don't fail to work hard; it does not pay to get behind with your work.

Don't study on Sunday; you do not gain a thing by it; you absolutely need one rest day in every seven; don't loaf so much on week days, and then you will not have to study on Sunday.

Don't think that profanity, cigarettes and drinking "booze" make a true college man.

You will be judged more at Maryland by what you do than by what you say.

Ask for advice from a faculty member; remember that he is your friend.

Don't be afraid to say "No" and stick to it. There will always be company with you at Maryland.

You will never "find" time for anything—if you want time you must make it.

Don't pile up debts—they'll come fast enough.

Come to the Young Men's Christian Association and let the "Y" serve you.

Don't cut out athletics. Get into some form of them and benefit yourself.

Look up your pastor as soon as possible.

Don't cut out the literary society. Join it and get to work.

Join a Bible class. This is one of the most important things to join as soon as you reach Maryland. You will like the discussions.

Don't spend all your time with a few intimate friends, but get into sympathy with many of the fellows.

Stick with that "bulldog tenacity" to anything good you undertake.

Do all the good you can, but keep the knowledge of it under your hat.

Do things in the right proportion. Don't be a "grind."

Be a mixer and a credit to the college.

Take part in student activities; action speaks louder than words.

Finally, be warned against trying to revolutionize the school in your first year. If you do not approve of the regulations the trouble is in your own disposition. They have not proved injurious to hundreds of students who have preceded you. It is your traditional duty to obey the rules during your freshman period, before you are in a position to recommend changes.

FRATERNITIES

There are many advantages which may come to a man as a member of some social fraternity, but the man who decides too hastily on the group with which he is to spend the four years of his college life will do little but repent. When a man is invited to join a certain fraternity, he should look forward and ask himself whether its members are the ones he would care to associate with during his college career and have as fraternity brothers in after life. The person tendered a bid should consider it in a favorable light only if his ideals and the ideals of the fraternity which seeks him coincide. If his ideals differ widely from those of the fraternity, the man should be extremely cautious. It is not always advised, however, that he consider the fraternity entirely out of the question in this latter connection; there is the possibility that he may eventually prove the means of raising the fraternity's standards.

When a man accepts a bid to join a fraternity, he should *not* be actuated solely by the benefits which he himself expects to derive from the connection. He should consider that as a member, he will have certain obligations and greater responsibilities to live up to. He should join with the purpose of reflecting credit upon his fraternity.

Every fraternity wants its men to be among the most prominent in the College. This is one of the reasons why every new man should conduct himself in such a way as to improve the standing of his fraternity. His work and outside activities should do credit to his fraternity, benefit himself and bring satisfaction to his personal aims and ambitions.

TRADITIONS

In the realization that the incoming freshmen do not understand the traditions established by previous classes, it is the purpose of these rules to assist the freshman in finding his place among the students, to instruct him in the spirit of the student body, and to teach him a fundamental lesson—discipline.

Freshmen are required to abide strictly by the following rules, which will be enforced by the student body through the Sophomore Committee on Freshman Regulations.

Freshman Regulations

The following is taken from the Constitution of the Student Government Association:

"Article V, Freshman Regulations. Section I. The Freshman shall be governed by a standard set of regulations drawn up by the Executive Council. Section III. These regulations shall be enforced by the entire student body through the Sophomore Committee on Freshman Regulations: that is, penalties are imposed by the Committee upon the complaint of an Upper-Classman of the infraction of Freshman Regulations."

1. Freshmen must wear rat caps at all times when on campus.

2. Freshmen must not smoke on the campus.

3. Freshmen must keep hands out of their pockets.

4. Freshmen must not cut across campus and must use only cinder and cement paths.

5. Freshmen must refrain from wearing school insignia of any kind unless earned at this school.

6. Freshmen must enter and leave Administration Building by basement doors and must not loiter around front of the buildings.

7. Freshmen must speak cheerfully to all members of the faculty, upper classmen, and members of their own class. The form of address shall be: for one person, "Sir"; for a number, "Gentlemen."

8. Freshmen must run all errands assigned to them by upper classmen and do all work assigned to them by Sophomore Committee on Freshmen Regulations.

9. Freshmen must work on athletic field when requested.

10. Freshmen must attend all meetings of the Assembly (occupying front rows) and all cheer practices, and must learn all college yells and songs.

11. Freshmen must attend all games in a compact cheering section (no dates with girls at games).

12. Freshmen must work in DIAMONDBACK office each Tuesday throughout the year.

13. Freshmen must at all times carry an ample supply of matches.

14. Freshmen must conduct themselves in a gentleman-like manner at all times on and around the campus.

Dining Hall Courtesies

1. Freshmen must line up in twos on lower steps of dining hall.

2. Freshmen must fold their arms during announcements.

WOMEN'S TRADITIONS

In order that the freshman girls may become acquainted with and perpetuate certain traditions, the following list is given:

1. It is the wish of the women of the University of Maryland to help their incoming classmates to become acclimated to college life. For this purpose each one of the new students is adopted by an upper classman as a "little sister." When she arrives on the campus, she is greeted by her "Big Sister," who is ready to advise her about "the ropes."

2. The incoming Freshman Class is expected to obey the "Rabbit Rules" made by the Sophomore Class through the Sophomore Committee on Freshman Regulations.

3. Women who excel in scholarship, leadership, citizenship and Christian character are eligible for the Women's Senior Honor Society in their senior year. On Baccalaureate Sunday the outgong Woman's Senior Honor Society selects the new organization from the Junior Class.

4. Each year the Junior Class holds May Day celebration in honor of the Senior Class, out of which they select by ballot the Queen of the May and her four maids.

5. On Class Day it has become traditional for the Senior girls to have a ceremony, marching around a blazing bonfire and throwing in their old books.

6. The Women's Student Government Association sends each year a delegate to the National Convention.

7. The Woman's Executive Council holds an annual picnic at the end of the year.

ALL-TIME ALL-MARYLAND U. ELEVEN IS SELECTED

In a football fanfest among those who have been around pretty much since Curley Byrd took the helm in athletics at Maryland, an oll-time all-Old Line eleven was selected.

Some who belong "on" may have been left off, but it would be a great combination and surely is a good source for starting discussions. Here it is:

Name	Pos.	Years on team	Wt.	Ht.
William (Zuke) Supplee	end	1923-1924-1925	178	6-2
Albert Heagy	end	1927-1928-1929	167	5-11

MARYLAND'S STAFF OF ATHLETIC MENTORS

H. C. (Curley) Byrd, athletic director and head football coach. (His principal position is assistant to the president of the University).
H. Burton (Ship) Shipley, varsity basketball and baseball and assistant in football.
John E. (Jack) Faber, head coach of lacrosse and freshman football and basketball.
Geary (Swede) Eppley, head track coach.
Charlie Fenwick, assistant in football as line coach.
Earl Zulick, assistant in football.
Ivan Marty, assistant in lacrosse as chief defense coach.
Albert (Bogley) Heagy, assistant in lacrosse.
William (Moon) Evans, assistant in lacrosse.
Robert M. (Bunt) Watkins, freshman baseball.
Edward (Riverdale) Smith, freshman lacrosse.

All are former Maryland athletes, except Fenwick, who is a product of Virginia.

Shipley also teaches physical education and Fenwick, Marty and Smith are the only ones who are not members of the faculty at Maryland. Fenwick and Smith are in business in Washington and Marty runs a dairy farm near Cockeysville, Maryland.

WOMEN'S ATHLETIC ASSOCIATION

President ..... Rhoda Hatton
Vice-President ..... Lou Snyder
Secretary ..... Mary Solomons
Treasurer ..... Elizabeth Bonthrom
Recorder of Points ..... Florence Peter

The Women's Athletic Association was organized in the fall of 1924 by a small group of girls who realized the need of an association to sponsor and supervise women's athletics at the University. The purpose of the organization when founded was to supervise girls' athletics, to promote more and better sports, to encourage good sportsmanship; and to provide an incentive by presenting letters to individuals and trophies to winning teams.

Rifle and basketball were the first sports which received the attention of the Association. Maryland is especially fond of its rifle team, which last year won the national women's team championship of the United States. The team has also turned out four national individual champions. Besides the sports already mentioned the athletic program last year included hockey, soccer, volley ball, baseball, and track. The soccer season was concluded with a play day with George Washington University. Under the direction of Miss Ball, the athletic director, individual sports were introduced last year. These included riding, hiking, golf, and archery. The latter was probably the most popular and excited quite a bit of interest last spring. An inter-class track meet brought to a close the program for the year.

The constitution of the association was revised last year, and a new and much more expansive point system was drawn up and adopted.

SONGS AND YELLS

ALMA MATER

(Maryland! My Maryland!)

Thy sons and daughters throng thy door,
Maryland! My Maryland!
Maryland! oh Maryland!
Their hearts and hopes they bring to thee,
And place them in thy custody,
Proud hearts that pledge their love for thee:—
And place them in thy custody,
Proud hearts that pledge their love for thee:—
They come from mountain, farm and shore,
Maryland University!

Go forth, brave youth, throughout the state:
Maryland! My Maryland!
And by your actions, show her great:
Maryland! Our Maryland!
Thy Alma Mater's name and fame,
Oh keep alive her holy flame,
Until all hearts as one exclaim,
Maryland! My Maryland

Cheer, three times cheer, and one cheer more
For Maryland! Dear Maryland!
Send forth that cry from hill to shore:—
Maryland University!
Fair Mother of our brightest dreams,
Blest giver of life's precious things,
To thee each heart its service brings:—
Maryland! My Maryland!

MY MARYLAND

The despot's heel is on thy shore,
Maryland! My Maryland!
His torch is at thy temple door,
Maryland! My Maryland!
Avenge the patriotic gore,
That flecked the streets of Baltimore,
And be the battle queen of yore,
Maryland! My Maryland!

Thou wilt not cower in the dust,
Maryland! My Maryland!
Thy gleaming sword shall never rust,
Maryland! My Maryland!
Remember Carroll's sacred trust,
Remember Howard's war-like thrust,
And all the slumb'rers with the just,
Maryland! My Maryland!

Madelon

In the very heart of Maryland,
In the heart of every Maryland man,
There's a spirit so endearing
It will win your heart and hand.
For she doth hold sway,
She will win the day,
And her glorous men will ever win the fray.

Chorus

Then it's Hurrah! Hurrah! for Maryland.
Then it's Hurrah! Hurrah for U. of M.
With her banners ever streaming high,
She will always win or die,
Never forget the glories of the past,
Carry on triumphant to the last,
For we love, we love Old Maryland,
Hurrah! Hurrah! Hurrah!

Victory Song

Down on the field they're fighting,
Pride of the Black and Gold,
Men, every one of them,
Warriors of U. of M.
Our honor they'll uphold,
On toward the goal they're marching.
It will not take them long,
So, let's give a cheer,
For the men we hold dear,
And sing to them our Victory Song.

Chorus

Maryland, we're all behind you;
Wave high the Black and Gold,
For there is nothing half so glorious
As to see our men victorious;
We's got the team, boys,
We've got the steam, boys,
So keep on fighting, don't give in!
(Shout) M-A-R-Y-L-A-N-D!
(Sing) Maryland will win!

All Hail! to Our Maryland

Let us sing to Alma Mater
University of Maryland,
Let us deck her o'er with glory,
With triumph and honor, hand in hand:

University of Maryland,
The college so dear to our hearts,
We'll cheer for the teams which are all so great,
Its praises ring, from State to State;
Along the well-worn trail of victory
Maryland will follow on and on,
And the colors in the lead,
Will be Black and Gold, indeed,
All Hail! to Our Maryland.

S. W. FISHKIN, '30.

Who Owns This Team?

Who owns this team?
Who owns this team?
Who owns this team? the people say.
Why, we own this team.
Sure, we own this team.
M-A-R-Y—L-A-N-D—HURRAH!

Who'll win this game?
Who'll win this game?
Who'll win this game? the people say.
Why, we'll win this game,
Sure, we'll win this game.
M-A-R-Y—L-A-N-D—HURRAH!

Who owns this town
Who owns this town
Who owns this town? the people say.
Why, we own this town,
Sure, we own this town,
M-A-R-Y—L-A-N-D—HURRAH!

U. of M.

(*Tune, Caisson Song*)

Keep the ball away from them,
Keep that pigskin a-rolling along!
Up the field, down the field,
Not an inch of ground we'll yield,
Keep that pigskin a-rolling along!
Then it's Whiff! Wham! Whack!
Hear that Maryland quarterback
Shout out his signals loud and strong!
Where'er you go, you will always know
That the pigskin is rolling along,
(Shouted) Maryland! Maryland!
Keep that pigskin a-rolling along!

Sons of Maryland

(Tune, Sons of America)

Sons of the Gold,
Sons of the Black,
Fight, No spirit lack.
Your Alma Mater
Needs you today.
To help win the fray.
Shoulder to shoulder,
Back to back,
We'll fight together
For the Gold and Black.
Fair Sons and Daughters
Of Maryland
Upon you all vict'ries stand.

Chorus

Sons of Maryland,
Old Maryland needs you!
Stands by your colors, boys,
And to them e'er be true!
Fight for old Maryland,
Old Liners! Stand,
Defenders of the Black and Gold
Throughout this land,
Team! Team! Team!

Here's to Old U. of M.

Here's to old U. of M.
We're out to win again,
Come, give a rousing cheer,
And press on to Victory,
For we're out to win this fray,
We'll show ----------how to play,
For our boys will fight to the end
For U. of M.

AND NOW WE'LL SING OF MARYLAND

And now we'll sing of Maryland,
Of Maryland the Free,
Of mountains, fields and sparkling bays,
All glorious to see.

Chorus

And now we'll sing of Maryland,
And on through all the days,
From Eastern shore to Western hills
We'll join to sing her praise.

And now we'll sing of Maryland,
Where people want to learn
The truth and all that's best, for which
Mankind doth ever yearn.
